Active Start Program

Parented Classes – 45 min. / class / week

Our parented classes are coach-led, with our experienced coaches demonstrating the circuits and encouraging growth and exploration in a safe environment. Parents or guardians are expected to actively participate in the class, providing physical support to their child throughout the circuits and helping them master new skills. Your presence ensures your child's safety, as you stay within arm's reach at all times.

Through play and movement, your child will develop fundamental movement skills and learn how to link them together. Our developmentally appropriate activities are designed to help participants feel confident and comfortable as they explore the world of gymnastics.
